

Smart chain drive VS-KA-i with synchronisation and Modbus

Product page: <https://ventsystems.de/en/product/vs-ka-i/>

Electric chain drive with integrated synchronisation function and bus interface for opening and closing top-hung and bottom-hung windows, roof windows and skylights for ventilation and smoke extraction (indoor installation).

Technical data

Nominal voltage	24 V DC (-15 %/+25 %)
Push/pull force	250 / 500 / 600 / 800 / 1000 / 1500 N (optional)
Stroke (chain length)	300-1000 mm, 1200 mm, 1400 mm (optional)
Communication	24 V A/B Modbus interface
Synchronisation	integrated, for multiple drives on one sash

Features

- quiet, low-maintenance operation
- CE marked

For smoke and heat exhaust ventilation (SHEV) applications, the drive must be operated with an approved SHEV control panel; the suitability of the combination of window, drive and control panel must be verified for each project.

Supply and install professionally in accordance with the manufacturer's instructions. Electrical connection and cable routing under a separate item.
